INVITATION

22nd International Multidisciplinary Conference
Reliability and Statistics in Transportation and Communication (RelStat-2022)

The theme of this year's Conference is:

ARTIFICIAL INTELLIGENCE IN TRANSPORTATION

19 - 22 October 2022, Riga, Latvia

DEAR PARTNERS,

On behalf of the Organising Committee, we would like to invite you to participate in the **22nd International Multidisciplinary Conference "Reliability and Statistics in Transportation and Communication: Artificial Intelligence in Transportation" (RelStat-2022)** which will take place on 19-22 October 2022 in Riga, Latvia.

We would like to assure everyone that RelStat-2022 would indeed take place as planned, despite the Covid-19 possible outbreak. With respect to health and safety constraints in the different geographical areas, we will provide all means for remote presentations for authors, who are unable to travel. In case RelStat-2022 cannot be held on site in the beautiful town of Riga, a fully virtual web-based event will be set in due time, as for current conferences.

KEY TOPICS

- Artificial Intelligence in Transportation
- Smart Solutions in Transportation Systems
- Networking and Telecommunications
- Reliability, Risk and Safety Applications
- Mathematics, Statistics, Modelling and Applications
- Information Systems and Information Technologies
- Business and Economics Applications
